SHRINK YOUR INSTALLATION CHALLENGES

CABLEM8™ CUSTOM BAGS

The CableM8™ Bag uses a proprietary, shrink-wrap packaging design which features a specially-designed, heavy-duty handle and tighter coil. Even when you bump, shake or throw it, the cable is a lot less likely to tangle. And if it does, easy access make it easy to get back on track.

CABLEM8™ BAG SPECIFICATIONS

Cable under OD .180" is offered in both 500 ft. and 1,000 ft. bags.

Cable above OD .180" is available in 500 ft. bags.

Proudly Made in the USA 

THE FULL CABLEM8™ LINE CHANGES THE GAME FOR INSTALLERS.

Between the NEW 4-bin CableM8 and Original 8-bin CableM8, plus individual bin sets, we've got a solution that's perfect for your next install.
