

Date: 30 April 2025
Subject: All Lake Cable LLC parts are made in USA.

This letter is in regard to “Made in America” government and municipal procurement mandates and requirements, whereby all cable manufactured by Lake Cable LLC is done within the United States of America.

Lake Cable produces all wire and cable products in accordance with BABAA and outlined by the Office of Management and Budget’s Memorandum M-22-11, Initial Implementation Guidance on Application of Buy America Preference in Federal Financial Assistance Programs for Infrastructure, 18 April 2022.

All Wire and Cable products manufactured by Lake Cable are produced in one of three production facilities, all within the United States.

Lake Cable LLC and its affiliates manufacture all of our wire and cable product offerings in the United States of America. One hundred percent (100%) of the wire and cable manufacturing occurs in Bensenville, IL and/or Valparaiso, IN. Our wire drawing and fabrication is performed at Lake Copper’s Elkhart, IN location.

The majority of copper, shielding material, barrier tape, insulation and jacketing compounds are purchased from US based metals and plastics companies that manufacture in the United States.

- Made in America Act H.R. 1613 (19/3/2009)
- The National Manufacturing Strategy Act H.R. 4692 (28/7/2010)
- U.S. Manufacturing Enhancement Act H.R.4380 (Aug 11 2010)
- American Recovery and Reinvestment Act of 2009 / SEC 1605 (Manufactured goods used are Made in America)

Please contact your Lake Cable Representative if you have a question concerning this.
Thank you for your continued support of Lake Cable and its affiliates.
